

Information Security Policy

Department: IT

Password Requirements

All company accounts must use passwords of at least 12 characters, including uppercase, lowercase, numbers, and symbols, and must be changed every 90 days.

Data Classification

Company data is classified into three tiers: Public, Internal, and Confidential. Confidential data must be encrypted at rest and in transit.

Incident Reporting

Any suspected security incident, including phishing attempts, must be reported to the IT security team within 1 hour of discovery via the #security-incidents Slack channel.
