

New Employee Onboarding Guide

Department: Training

First Week

New employees complete IT setup, HR paperwork, and a company orientation session during their first week, coordinated by their assigned onboarding buddy.

Required Trainings

All new hires must complete the Code of Conduct training and Information Security training within the first 2 weeks of joining.

30-60-90 Day Plan

Managers are required to set clear goals for the new hire at the 30, 60, and 90 day marks, reviewed in a formal check-in meeting.
